Will Tuesday and Wednesday next week work? I will be teleworking Thursday and Friday. If Tuesday/Wednesday doesn't work, I can probably find someone else to sit in the records center on Thursday and/or Friday.

Tonya –

I think we can do it next week sometime between Tuesday and Friday. I'm not quite sure who will be available, but I'll let you know as soon as possible. I'm the backup so if I can't find someone, I'll be coming over.

Thanks,

Mike

I need an approximate time so the records center can pull the file and I can do a quick review of the docs. When I say an approximate time if you can give me a two week span that should work.

Hi Tonya:

Preston sent the link to the administrative record. We've gone through it and screened out most of the irrelevant documents. Now we are looking at the one that apply. I thought we would finish that first, then get back with you on a day and time to visit EPA again. Preston mentioned that you may need to put in a request. Have you done that already or do you need to wait for us to give you a day?

Thanks,
Mike

Subject: Record Review for Dico

I have not heard back from my management that anyone else is available next week to sit with someone from TetraTech so that they can go through the records for Dico. I will touch base with you on the 25th to figure out when someone can come in to do the review.
